navy to purchase a vessel of proper size and re for the expedition at a cost to exceed \$50,000 and appropriate \$100,000 for the expenses of the expedition. The house preceded to the consideration of the bill to enlarge the duties and powers of the department of agriculture. The speaker announced that during a temporary absence Mr. Burrows, of Mich., would occupy the chair.

May 9.—In the Senate, all the pending nouse bills donating cendemned cannon for monu-mental and other purposes were passed. Mr. McDill introduced a bill for a wagon bridge across the Missouri between Council Bluffs and Omaha. The senate parsed the house tariff commission bill—yeas, 25; nsys, 19. Six Democrats voted with the Republican side in the affirmative and two Republicans

with the minority against the bill.

In the House, the bill enlarging the power of the agricultural department was taken up. Mr. Dunnell, offered an amendment providing for a division of forestry, the chief of which shall ascertain the annual amount of consump tion, exportation and importation of timber and other forest products, the probable sup-ply for future wants, and the means best adapted for preservation and renewals of forests. Adopted.

May 10.—Senate bill was passed for the es

ablishment of an assay office at Deadwood, D. T. The bill for intermediate appellate courts was proceeded with. Mr. Jones opposed the section limiting the appeliate jurisdiction of the circuit courts and gave notice of an amend-ment thereto. Mr. Davis denied that the section would inflict any hardship, and urged its retention as essential to the effectiveness of the proposed scheme. He read a telegram from the bar association of New York indors ng the measure and incidentally disclaimed any especial responsibility for the measure though his experience on the bench, he said convinced him of its utility and value as a measure for the relief of the over-burdened lockets of the supreme court.

The house passed 172 to 7, without amend ment, the bill creating the executive department of agriculture, which provides that the department shall be under the control of a ecretary, who is an experienced and practical agriculturist, and establish departments of agricultural products, annual industry, lands ind statistics. The conference report on the Indian appropriation bill was agreed to and the house went into committee on the appro printion bill.

May 11.—The bill for intermediate appellate courts was further discussed by Mr. George, Jones and Morgan. An am adment was adopted on motion of Mr. Davis providing more explicitly that the furishidion of Circuit courts shall be neither enlargednor abridged by the bill. The conference report on the Indian Appropriation bill was submitted. The total has been reduced by the conference \$455,200. The report was comurred in and

the bill passed. In the House Mr. Sherwin roorted a bill to aid in the support of common schools. Printed and recommitted. It rovides that for the next five years there shall be annually appropriated \$10,000,000 to side the support of free common schools, which mount shall be known as the common school fund, and which shall be apportioned the several and Territories according to the number
